

Doodle a donkey!

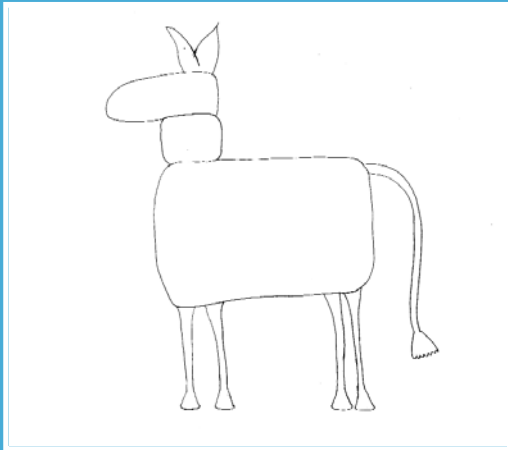

Have a bash at drawing a donkey.

You can make it any colour you like – maybe you could make yours look like our adoption donkey Felicity!

(1) Start by drawing a funny-shaped rectangle for your donkey's body. Draw a wonky square on top of the rectangle for its neck.

(2) Draw a head and give your donkey some legs.

(3) Add some ears (make sure they are really big!), an eye and a tail.

(4) Rub out all the lines you don't need anymore.

If you would like to send us your donkey-doodle then have a look at the 'Your Stuff' page for our address!

Don't forget to sign your name on it!

(5) Give your donkey a mane! Then, when you're happy with your outline, draw around the donkey with a black pen and colour in its hooves.

(6) Colour your donkey whatever colour you like! Maybe you can draw in a background too.

Here are some of our other donkeys friends at Redwings
