

could you Doodle a Donkey?

Why not have a go using the helpful hints below?

(1) Start by drawing a funny-shaped rectangle for the donkey's body. Draw a wonky square on top for the neck.

(3) Give your donkey a mane! Then when you are happy with your outline, draw round your donkey with a black pen or crayon and colour in its hooves.

(2) Draw a head and give your donkey some legs. Add some BIG ears and a tail.

(4) Colour your donkey whatever colour you like! Maybe you can draw a background too.

or me!

Why not colour your donkey like us?
